

KJ TRAINING

Project Level 2 - Intermediate

What Can You Expect?

This course is designed for a person who has an understanding of project management concepts, and is responsible for creating and modifying project plans, and requires a tool to manage those project plans.

What Is Required From You?

Learners should be familiar with using a mouse and keyboard. They should be comfortable in the Windows environment and be able to use Windows to manage information. Specifically learners should be able to launch and close applications; navigate to information stored on the computer; and manage files and folders. Learners should have completed Windows Introduction or possess equivalent knowledge prior to attending this course.
